2.2. Escalation. In order to provide an orderly and defined means of resolving errors covered by this SLA, the parties agree to participate in an "escalation" process whereby an incident is intended to be identified, isolated and resolved through a series of well-defined procedures through which an increasingly knowledgeable staff member of the contacted party, whether technical or not, is involved in resolving the reported incident. Under no circumstances shall 1-VOIP be obligated to perform any escalation procedures, and 1-VOIP shall have no obligations hereunder, with respect to any issues resulting in whole or in part from (i) the use of a prior version of the Services; or (ii) user cabling, switching, analog phones and other equipment and/or services provided by any party other than 1-VOIP.

2.3. **Trouble Tickets.** The opening of a Trouble Ticket is the method by which the parties shall commence escalation procedures. All decisions made by 1-VOIP concerning this SLA or associated Service Credits will be final and binding.

4.3.2. In no event will the aggregate value of service credits awarded to Customer for all Service Level Commitments in this SLA, including cumulative and simultaneous credits applied for Voice Service and Non-Voice Service credits during any calendar year, exceed an amount equal to one month's Monthly Recurring Charges (based on the average Monthly Recurring Charges paid per month during the applicable calendar year through and including the last full calendar month prior to the date that the credit is calculated).
